CHROME 3+ FINISH

Many of our Esteem Chrome Taps are finished in a sustainable innovative 'Chromium 3 finish', also sometimes known as 'Green Chrome'. Where the C3+ logo appears, the decorative Chrome Plating has been conducted using a far more environmentally friendly process, helping to reduce potentially harmful toxins and pollutants being released into the wider environment.

COLD START

Cold Start, helps customers reduce energy costs by always starting from the cold position, reducing hot water demand when it may not be required, extending the life of Combination Boilers and helping to save the planet.
